

Dear EVMS at ODU Radiology Teaching Faculty and Residents:

I am excited to share with you this annual update of accomplishments by our residents and department, including research, awards, and fellowships. Please indulge my pride in our residents—keep reading and you'll see why we can all be so proud of them! This email is long because our outstanding team of radiologists has continued to be so busy doing a whole lot of amazing work! I'll also provide this letter as an attachment, in case that is easier for you to view.

We have a social media Instagram page run by the residents, please see nice photos and ongoing news and announcements posted by the residents: <https://www.instagram.com/evmsradiology/>

The Instagram page supplements our official EVMS Radiology website: <http://www.evms.edu/radiology/>

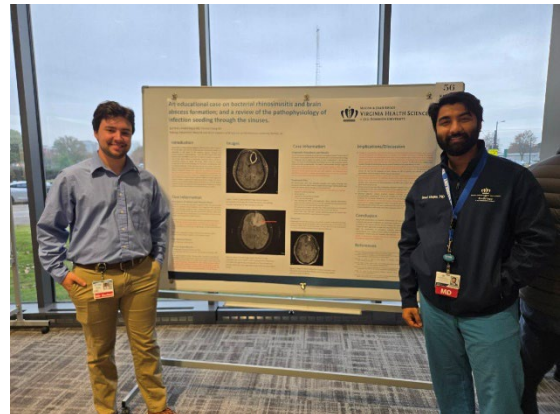

Also, FYI! Our annual fundraising letter is coming out, too--please support our annual Residency Education Fund and/or our Endowment for Radiology Professorship at EVMS! We have a link on the EVMS Foundation website dedicated to Radiology. For your convenience, if you prefer to donate online using a credit card rather than mailing a check to Marleen, the url is: www.evms.edu/giveradiology

RESEARCH AND OTHER SCHOLARLY ACTIVITY (bi-annual update):

(names of EVMS radiology residency **residents/alumni** are in **bold**, our *medical students* are in *italics*, and radiology teaching faculty members are underlined)

Publications, Abstracts, Posters, Oral Presentations, Educational Exhibits

- **Kumar V**, Johnson L. Role of Gastric Scintigraphy in Evaluating Neuromodulatory Therapy for Refractory Gastroparesis: A Case Series and Brief Review. Poster Presentation. EVMS Research Day November 2025.
- **Anandan V**, *Mungovan E*, Jaisinghani S. Use of CTA in Diagnosing Brain Death: Bilateral ICA Nonopacification. EVMS Research Day November 2025.
- *Watson F*, Byun K, **Nguyen K**. Pictorial Essay Review of Malignancies with Low FDG-Avidity in PET/CT. EVMS Research Day November 2025.
- *Shally Z*, Chiang T, **Haque I**. An Educational Case on Bacterial Rhinosinusitis and Brain Abscess Formation; and a Review of the Pathophysiology of Infection Seeing Through the Sinuses. EVMS Research Day November 2025.
- *Shaikh S*, Lazarow F, **Finizio M**. Renal Mass as the Initial Manifestation of Diffuse Large B-Cell Lymphoma: A Case Report. EVMS Research Day November 2025.
- *Seward A*, **Taros T**, Lazarow F. Inferior Vena Cava Leiomyosarcoma: Case Report and Review of Radiologic Findings. EVMS Research Day November 2025.

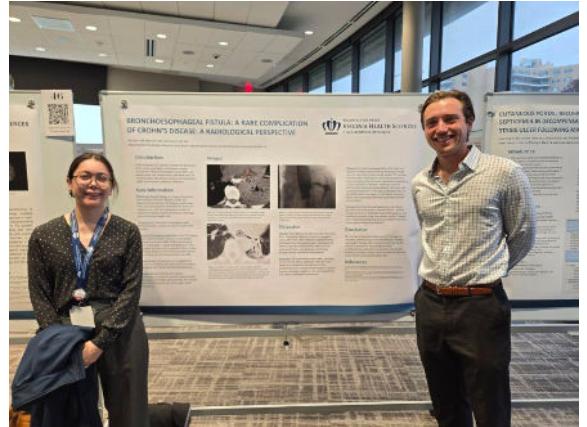

- *Samberg B, Lazarow F, Olivares P.* Eosinophilic Vacuolated Tumor of the Kidney: A Case Report and Literature Review. EVMS Research Day November 2025.
- *Moran K, Lazarow F, Miller S, Taros T.* Serial Cross-Sectional Imaging of Necrotizing Pancreatitis Secondary to Ozempic (Semaglutide) Use. EVMS Research Day November 2025.
- *Li N, Taros T, Guo Z.* A Spine Out of Line: A Novel Vertebral Body Anomaly & Literature Review. EVMS Research Day November 2025.
- *Li N, Taros T, Yannone E.* Systemic Air Embolism Following CT-Guided Transthoracic Lung Biopsy: A Rare and Life-Threatening Complication. EVMS Research Day November 2025.
- *Jo J, Shaves S, Steffey D.* Clostridium Difficile Colitis in Divergent Colon. EVMS Research Day November 2025.
- *Ferrando J, O'Neill C, Kumar V.* Cystic Neck Masses: Differential Etiologies and a Case of Suspected Fourth Branchial Cleft Cyst. EVMS Research Day November 2025.
- *Fanney L, McClure R, Mack M.* Rare Broncheosophageal Fistula in Crohn's Disease: A Radiological Perspective. EVMS Research Day November 2025.
- *Eldosougi R, Lazarow F, Taros T.* Sequelae of Eating Disorders on Imaging. EVMS Research Day November 2025.
- *Eldosougi R, Lazarow F, Nguyen K.* IgG4 Related Disease Processes and Their Radiologic Findings. EVMS Research Day November 2025.
- *Crawford A, Chiang T, Haque I.* Identifying Case of PRES in a Patient with Sepsis and Chronic Anemia Requiring Blood Transfusion. EVMS Research Day November 2025.
- *Brill E, Lee S, Van Geertruyden PH.* Aggressive Vertebral Body Hemangioma. Case in Point. 2025.

Awards:

- **Trent Taros**, Golden Peer (Teacher of the Year) Award, 2024-2025
- **Seong Lee**, ARRS/RSNA Introduction to Academic Radiology Program (ITAR, one of ~80 residents in the nation selected), ARRS, 2024
- Sarah Killen, RT (R), Hospital Partner of the Year Award, 2025
- **Virang Kumar, Seong Lee (again!), Philip Olivares, Trent Taros, Garrett Rucker (again!), & Alex Schlarb (again!)**: Outstanding performance on the ACR In-Service Training Exam in Diagnostic Radiology for 2025 (awarded by EVMS Radiology for overall performance above the 80th percentile in the nation!
- *Virginia Business Magazine* second annual “Top Doctors in Virginia” Award 2025: Chris Dobzyniak, Susanne Grasso, Lester Johnson FACR, Sarah Shaves FACR, Rachel Pevsner Crum, Neil Vachhani, Harlan Vingan
- *Coastal Virginia Magazine* “Top Docs in Coastal Virginia” Award 2025: John Agola, John Campbell, John Conery, Rachel Pevsner-Crum, Chris Dobzyniak, Amy Farkas, Susanne Grasso, Harut Gyurjyan, Lester Johnson FACR, Adam Lustig, Jennifer Rush, Dmitri Samoilov, Sarah Shaves FACR, Adam Specht FACR, Neil Vachhani, Peter Van Geertruyden FACR, Harlan Vingan
- ***John Plemmons***: EVMS at ODU Teaching Faculty, and Alum of EVMS for medical school, our radiology residency, and our breast fellowship, was selected 2024 *Inside Business* Healthcare Hero, nominated by Sentara Health: “John Plemmons, MD, medical director for the McLeskey Comprehensive Breast Center at the Sentara Brock Cancer Center, and breast radiologist with Medical Center Radiologists, received the physician award for 20 years of quality, compassionate patient care and innovative leadership in breast health, cancer prevention and physician education.” Dr. Plemmons is also our most recent radiology faculty inductee into AOA at EVMS (joining Kathy Byun and Sarah Shaves, FACR).

For some years now RADPAC has had competitive fundraising campaigns, and our faculty radiologists and the EVMS radiology residents have had great success and made tremendous contributions.

-Again this year, for many successive years now, EVMS Radiology residents won the VA Chapter ACR Resident/Fellow Section fundraising Rad White and Blue campaign. Go EVMS Radiology Residents! The next generation of Radiology leaders in the making! The Virginia Champion Residency Trophy from VRS stays in its rightful home-- here at EVMS/NGH!

-This year, the EVMS Radiology MCR Teaching Faculty also won the Faculty award from VRS for a second year in a row, this year in a tie with the Faculty of UVA (after defeating UVA last year for the first time)!

-Way to go! Congratulations to both our EVMS Radiology Teaching Faculty and Residents!!!

EVMS Radiology Annual “Unknown Case of the Week” Awards for 2024-25:

Resident: **Laura Columbus, MD**
Faculty: Swachchhanda Songmen, MD

EVMS Radiology Residency Golden Apple Teacher of the Year Award 2024-25:

William Boyd, MD

UPDATE ON ENDOWED LECTURES, FUNDRAISING, AND RESIDENT EDUCATION SUPPORT:

-Annual Tapan K. Chaudhuri, MD Endowed Lecture in Nuclear Medicine:

Tenth Annual Chaudhuri Lecture was given in the spring of 2025 by Saeed Elojeimy, MD, Professor of Radiology and Nuclear Medicine at the Medical University of South Carolina, Charleston, SC. Dr. Elojeimy's highly educational Visiting Professor Day was attended and loved by residents from both EVMS at ODU and NMCP.

-Annual Reverend Anne C. Brower, M.D. Lectureships in Musculoskeletal Radiology:

In 2014 we were grieved by the death of the Reverend Anne C. Brower, MD, our esteemed and renowned former EVMS Chair of Radiology and Residency Program Director. A memorial was published in the RSNA News Oct-Nov 2014 (Vol 24 issues 10 & 11).

In honor of Dr. Brower, our Dept. of Radiology raised money to create a permanent endowed lectureship (supporting a Visiting Professor Day for the residents) at EVMS in musculoskeletal radiology. The process of creating the endowment began before Anne's death and pleased her greatly, she expressed much gratitude.

Thanks to support from numerous residency Alumni and current/former Faculty members who remember Dr. Brower, plus admirers from other institutions, >50 contributors, our fundraising campaign succeeded in our goal of raising >\$100,000 for this wonderful endowment which is now fully funded. Thank you!

The Twelfth Annual Brower Lecture was given in the spring of 2025 by Maxie Kresse, MD, Assistant Professor at University of Virginia, Charlottesville, VA. Dr. Kresse's highly educational Visiting Professor Day was attended and loved by residents from both EVMS at ODU and NMCP.

-Residency Education Fund:

In 2013 we launched the first annual fundraising campaign asking residency Alumni for support of training for the current residents, which continues as an annual appeal. The Fund is to help with the kinds of expenses not covered by the GME budget, such as the cost of sending residents to attend national meetings to present research.

Several current and former Faculty leaders of the program have offered combined matching funds of over \$4,000 each year if Alumni donated. I am delighted to report that Alumni (and others) have been donating! In the past 12 years at least 69 people have contributed a total of \$160,345! Thank you so much! Please consider giving generously to the annual residency education fund—it has a huge positive impact on our residents!

Our residents are aware of this awesome support and are very appreciative, as you can imagine. The Alumni support has been fantastic for the residents, enhancing their research efforts and education (details of how the money helps are in this year's fundraising letter).

Radiology fundraising campaign--to endow a Professorship in Radiology at EVMS!!!

Other departments at EVMS have endowed professorships, including three other private practice departments--the Departments of Pediatrics, Urology, and Emergency Medicine.

In recent years Radiology launched a campaign to raise funds to endow our own professorship!

When it is fully funded, the proceeds of the endowment will go to support resident education and research, the same kinds of expenses as the Radiology Residency Education Fund, but in the form of a permanent endowment in support of our residents' education and scholarly activity.

Great news! Thanks to the amazing generosity and support of our radiologists, including some wonderful friends of EVMS Radiology Residency who are retired former Chairs of EVMS Radiology and leaders of MCR, we have already received a tremendous show of support in this campaign! We are well on our way toward having a permanent endowed Professorship in Radiology! Your donation could be the one that puts us over the top! Please consider giving generously!

Please see the separate fundraising letter for details!

Donations are tax deductible. Please see the dropdown online to donate to the Radiology professor endowment (in addition to the dropdown for the residency education fund): www.evms.edu/giveradiology

NATIONAL AND STATE LEADERSHIP ROLES AND AWARDS:

Residents

Dylan Steffey, MD

- President, Resident and Fellows Section (RFS) of the Virginia Radiological Society (VRS)

Philip Olivares, MD

- Vice President, VRS RFS

Trent Taros, MD

- Secretary, VRS RFS

Imadul Haque, MD

- Communications Liaison, VRS RFS

Marie Mack, MD

- Resident Representative, VRS RFS

Teaching Faculty

Dr. Peter Van Geertruyden, FACR: President Elect, Virginia Radiological Society (VRS); Councilor, Virginia Radiological Society (VRS); Faculty, ACR Radiology Leadership Institute.

Dr. Rachel Pevsner Crum: Committee Member, Society of Pediatric Radiology, 2022-24; Legislative Committee Member & Key Contact Physician, Florida Osteopathic Medical Association; Society of Chairs of Radiology Children's Hospitals (SCORCH)

Dr. Jose Morey: President and Alternate Councilor, Virginia Radiological Society (VRS); Immediate Past President and Board of Directors-Medical Society of Virginia Foundation; Board of Directors, Fundación Cortés; Board of Directors, Virginia Museum of Contemporary Art; Board of Directors, Richmond Ed Fund and Richmond Public Schools; Global Ambassador (AI, Medicine, Media) - MIT Regional Entrepreneurship Acceleration Program - Sloan School of Business; ACR Radiology Health Equity Coalition; Recognized by *Latino Leaders Magazine* as one of "101 Most Influential Latinos 2023, 2024 and 2025; Board of Directors, Club Piru.

Dr. Harlan Vingan: Manuscript Reviewer, Journal of Vascular and Interventional Radiology (JVIR); Committee Memberships, Society of Interventional Radiology (SIR)

Dr. Adam Specht, FACR: Councilor, Virginia Radiological Society (VRS)

Dr. Lester Johnson, FACR: Volunteer, American Board of Radiology (ABR); Society of Chairs of Academic Radiology Departments (SCARD)

OTHER LEADERSHIP AND SERVICE, RECOGNITION/AWARDS:

Our Radiology Teaching Faculty continue to serve in many varied leadership capacities which are far too numerous to list in this letter. Radiologists fulfill a huge array of responsibilities, in addition to providing expertise in quality radiologic exams and procedures, including providing all the leadership and management roles in our practice, hospital departments, and subspecialty modalities; serving on dozens of multi-disciplinary committees and conferences across our various hospitals; and serving in leadership roles plus our daily teaching roles related to our trainees including residents, medical students, and fellows. In addition, some substantial leadership roles of which I am aware, at the institutional level extending beyond radiology, include (these include only the residency-related hospitals; and apologies in advance for any missing):

John Agola: Medical Director-SNGH Stroke Service; Sentara Stroke Process Improvement Committee; Sentara Neurosciences HPT/Steering Committees

Christopher Dobzyniak: SNGH Clinical Excellence Award, 1st Quarter 2025

MACON & JOAN BROCK VIRGINIA HEALTH SCIENCES

Eastern Virginia Medical School

AT OLD DOMINION UNIVERSITY

Robert Post: Medical Executive Committee, Sentara Careplex; Medical Executive Committee, Harborview; Mercy Health System Radiology Informatics Committee

Richard Barbu: Bon Secours Hampton Roads Stroke Committee.

Lester Johnson, FACR: Chair, Radiation Safety Committee, Sentara Southside and PEN Hospitals; Radiologist Member, Sentara Oncology HPT/Cancer Network Committee; Editorial Advisory Board, Eastern Virginia Medical Journal (EVMJ)

John Plemmons: Director of Breast Imaging Services, Sentara Southside Hospitals; SHN Medical Executive Committee; Sentara Breast Program Leadership (BPL) Committee; SNGH Research Advisory Council

Susan McKenzie: Bon Secours Maryview Medical Executive Committee; Director of Breast Imaging for BS Mercy Health Portsmouth, Ghent Station, Harborview Women's Imaging Centers; Chairman of Bon Secours Mercy Health Radiology Maryview Medical Center.

Chris O'Neill: Sentara Hospitals Norfolk Peer Review Committee; Sentara Careplex Peer Review Committee

Sarah Shaves, FACR: Editorial Advisory Board, Eastern Virginia Medical Journal (EVMJ)

Kathy Byun: Alternate Radiologist Member, Sentara Oncology HPT/Cancer Network Committee

Zeal Patel: Cancer Committee, SNGH; MD Admissions Committee, EVMS

Shannon Wilson: Cancer Committee, SNGH; Sentara System Breast Program Leadership Committee; SNGH Breast Leadership Committee

Rachel Pevsner Crum: Pediatric trauma practice improvement committee member CHKD Jul 2025; Pediatric Surgical practice improvement committee member Jul 2025.

Jason Yewell: Trauma System Committee, SNGH

Dmitri Samoilo: Bon Secours Maryview Physician Medical Excellence Committee

Mobeen Reza: SWRMC Peer Review Committee, Trauma Operations Committee, and Trauma Peer Review Committee

ROLES FOR MEDICAL STUDENTS AND FELLOWS:

EVMS at ODU Medical School MS4 Radiology Elective & MS3 Career Exploration Radiology elective, Clerkship Director Dr. Kathy Byun.

EVMS at ODU Medical School MS4 Radiology elective in Interventional Radiology, Clerkship Director Dr. Shashidhara Murthy (succeeding Dr. Harlan Vingan). Dr. Murthy also now serves as the IR curriculum Director for the residency “Early Specialization in Interventional Radiology” Program (ESIR).

EVMS Breast Imaging and Intervention Fellowship, Fellowship Director Dr. John Plemmons.

EVMS Body Radiology Fellowship, Fellowship Director Dr. Chris O’Neill.

EVMS Radiology Chief Wellness Officer Dr. Shannon Wilson.

EVMS RADIOLOGY RESIDENCY INTERNATIONAL OUTREACH:

Our residency formed our own RAD-AID International Chapter here at EVMS. Our teaching faculty member Dr. Amy Farkas serves as our Chapter Chief, and our residents **Dr. Laura Columbus** and **Dr. Abigail Winz** previously served as the Chapter Officers. We have partnered with and sponsored a radiology residency in Tanzania at Kilimanjaro Christian Medical Centre, KCMC. We have been sharing with them items online such as teaching conferences and materials such as unknown cases of the week. We hope for future collaborations to include international travel between the programs. A distinguished Alum of our residency, **Dr. Arlene Richardson** (Chief Resident, Residency Class of 2012), currently serves as the Past Chair of her hospital’s Dept. of Radiology and Past President of the Medical Staff at her hospital in an underserved area of Chicago. She is also the Program Director of RAD-AID in Tanzania and serves as our Alumni liaison.

In January of 2025, Dr. Amy Farkas (pediatric radiologist at CHKD) and radiology resident **Dr. Laura Columbus** made a trip together to Tanzania! Dr. Columbus completed an away elective in radiology at KCMC. They worked and taught and learned and had an incredible, impactful experience! Dr. Columbus presented about the trip to our residency program and Dr. Farkas to our teaching faculty.

FYI--TEACHING FACULTY WEBSITE: <https://www.mcrads.com/>

FELLOWSHIPS:

Our residents continue to be extremely successful in obtaining outstanding fellowships (or final IR year after ESIR) in the fields of their choice for 2026-27:

Garrett Hamblin: Body/Breast Imaging, EVMS at ODU
Zaydi Javeed: Body Imaging, University of Miami
Kevin Nguyen: Body Imaging, University of California, San Diego
T. Michael Pender: Neuroradiology, Duke University
Dylan Steffey: Body Imaging, Duke University

3 members of the Class of 2025 are currently in fellowship for 2025-26:

Laura Columbus: Body Imaging, University of Alabama
Fiora McRae: Body & Breast Imaging, EVMS at ODU
Alex Schlarb: Body Imaging & MSK, EVMS at ODU

The 4 members of the Class of 2024 completed their in fellowship (or IR equivalent) for 2024-25:

Lauren Jutras: Body Imaging, Emory University
Abigail Winz: Body and Breast Imaging, EVMS
Taylor Pate: Interventional Radiology, University of Alabama
Matthew Kang: Interventional Radiology, Duke University

The 4 members of the Class of 2023 completed their fellowship for 2023-24:

Veer Gariwala: Body Imaging, Duke University
Emily Glavich: Breast Imaging, Eastern Virginia Medical School
Garrison Glavich: Body Imaging, Eastern Virginia Medical School
H. Tyler Klause: Body Imaging, Vanderbilt University

Fellowships otherwise completed by our other residency graduates since 2000 have included:

Duke University (10 residents); Emory University (5 residents); Eastern Virginia Medical School EVMS (5 residents); Univ. of Virginia UVA (5 residents); Harvard Mass. General Hospital (4 residents); Univ. of Florida (4 residents); Mayo Clinic (2 residents); UNC Chapel Hill (2 residents); Wake Forest (2 residents); Univ. of California at San Diego UCSD (2 residents); Univ. of Utah Neuro (3 residents); Univ. of Arizona (2 residents); Univ. of Washington, Seattle, WA (2 residents); Univ. of Pittsburgh (2 residents); Univ. of Miami, FL; Thomas Jefferson, Philadelphia; Rush Medical Center, Chicago; Univ. of Chicago; University of California at San Francisco UCSF; Dotter Institute of IR, Stanford; Oregon HS Univ.; Univ. of Illinois; Univ. of Texas MD Anderson; Cincinnati Children's Hospital; CHOP; Mallinckrodt Institute of Radiology, Washington Univ., St. Louis; Cleveland Clinic; Columbia Univ.; Cedars Sinai, Los Angeles; Harvard Boston Children's Hospital; Indiana U; USC, Los Angeles, CA; and Georgetown.

CONCLUSION:

As you can see, our Radiology teaching faculty and residents alike have continued to work hard and successfully achieve our priorities of providing excellent patient care for our community, learning, teaching, leadership and scholarly activity. Our department/practice recently grew substantially and welcomed new attending radiologist teaching faculty members, fellowship, and facilities to our team! Welcome! Our residency training program is also now extremely excited to be undergoing substantial expansion, beginning already with DR and soon also IR! More to follow!

All of the research, leadership roles, and awards noted above help spread the respect, reputation, and name recognition of EVMS at ODU and our affiliated hospitals/practice beyond Coastal Virginia to the rest of the state, region, and nation!

Everything above is in addition to, above and beyond, and complementary to the top notch, excellent quality patient care and clinical service provided by our attending radiologists and trainees every day and night of the year, 24/7/365. And also in addition to the tremendous ongoing leadership and management provided by radiologists (not included above) for our practice Medical Center Radiologists (MCR), our hospital radiology departments, each of the subspecialty modalities, as well as our radiologists'

participation in dozens of interdisciplinary conferences and committees such as the various tumor boards and clinical specialty conferences.

The EVMS Radiology Department and our Residency owe continued success to the hard work and support of many people and multiple institutions, especially: MCR, Sentara, EVMS at ODU, Bon Secours Mercy, CHKD, our Residents, and our Alumni. Thank you!

Congratulations to the Radiology Residents and Teaching Faculty for another wonderfully successful year! Here's to an even better year to come!

Best wishes to each of you,

LSJ

Lester S. Johnson, MD, PhD, FACR
